#### How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

#### Investment Mix (April 30, 2018)

#### Risk rating

McLean Asset Management Ltd. has rated the volatility of this fund as **medium to high**.

Generally, this rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low Low to Medium Medium **Medium to High** High

For more information about the risk rating and specific risks that can affect the fund's returns, see the Risk section of the fund's simplified prospectus.

#### No guarantees

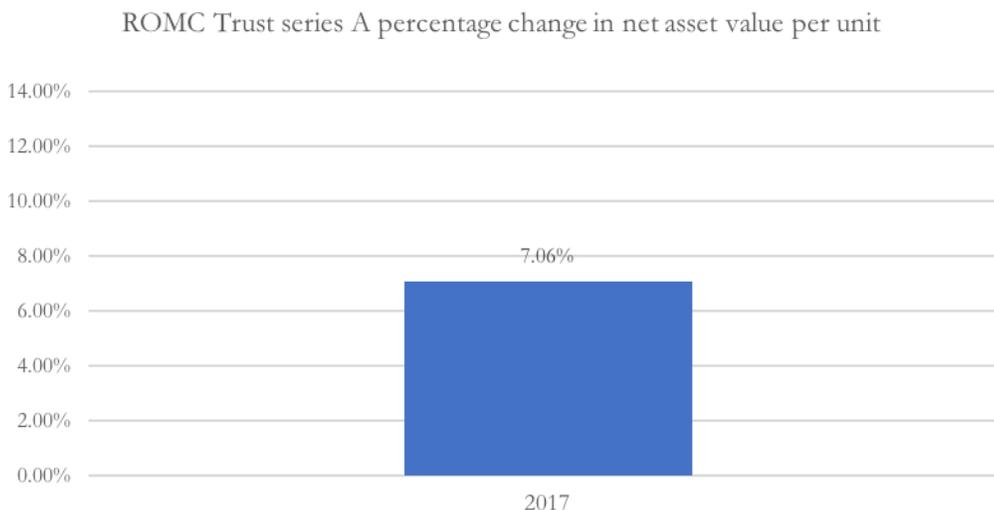

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the money you invest.

## How has the fund performed?

This section tells you how the Series A units of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

### Year-by-year returns

This chart shows how Series A units of the fund has performed over the past one year. The Fund did not drop in value. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

### Best and worst 3-month returns

This table shows the best and worst returns for Series A units of the fund in a 3-month period during calendar 2017. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	6.03%	April 30, 2017	Your investment would rise to \$1,060.27
Worst return	-2.73%	July 31, 2017	Your investment would drop to \$972.65

### Average return

The average annual return for Series A from June 3, 2016 (inception) to April 30, 2018 was 9.64%. If you had invested \$1,000 in the fund at inception, your investment would now be worth \$1,191.83.

### Who is this fund for?

Investors who are seeking capital gains over the long term.

**! Don't buy this fund if you need a steady source of income from your investment**

### A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold this fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

**How much does it cost?**

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the fund. The fees and expenses - including any commissions - can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

**1. Sales Charges**

An initial sales charge may be payable by you when you purchase Series A units of the fund.

Sales charge	What to pay		How it works
	In per cent (%)	In dollars (\$)	
<b>Initial sales charge</b>	The range for sales commissions is generally from 0% to 2% of the purchase order.	\$0 to \$20 on every \$1,000 you purchase.	<ul style="list-style-type: none"> <li>You and your representative decide on the rate.</li> <li>The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.</li> </ul>

**2. Fund expenses**

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's expenses are made up of the management fee, operating expenses and trading costs. The Series A annual management fee is 1.5% of the Series A value. As of December 31, 2017, the fund's expenses were 1.82% of its value. This equals \$18.20 for every \$1,000 invested.

	Annual rate (as a % of the fund's value)
<b>Management Expense Ratio (MER)</b> This is the total of the fund's management fee (which includes the trailing commission) and operating expenses.	1.80%
<b>Trading Expense Ratio (TER)</b> These are the fund's trading costs.	0.02%
<b>Fund Expenses</b>	<b>1.82%</b>

**More about the trailing commission**

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you. McLean Asset Management Ltd. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

Sales Charge Option	Amount of Trailing Commission	
	In Percent (%)	In Dollars (\$)
<b>Initial Sale Charge</b>	Up to 0.5% of the value of your investment each year	Maximum \$5.0 each year for every \$1,000 invested

**3. Other fees**

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
<b>Short-term trading fee</b>	2% of the value of units you sell or transfer out within 3 months of buying them. This fee goes to the fund.
<b>Switch Fee</b>	Your broker or dealer may charge you a switch fee of 0% to 2% of the purchase price of the Series A units you acquire when you switch between types of accounts in which you hold your Series A units.

**What if I change my mind?**

Under the securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document; or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
